

# RM24

## Manually controlled turret

### Description

---

The turret RM24 is a compact, manual turret for a varied field of applications. It is suitable for most different vehicle types as a roof turret. In addition, it can be positioned also independently from the vehicle with a separate carrying-frame.

### Benefits

---

#### Flow rate

- up to 2.400 l/min at 10 bar (634 gal/min at 145 psi) water or water-/foam respectively 40 kg/s (88 lbs/sec) powder

#### Suitable for most extinguishing agents

- water
- water-foam mixture (non air aspirated)
- CAFS
- foam, with foam barrel (air aspirated)
- powder

#### Excellent throw range

- > 70 m (230 ft) water

#### Excellent foam quality

- throw range > 50 m (164 ft)

#### Simple operation

- ergonomic, fully adjustable handle
- separate locking for swivel and rotation

#### Disconnecting mechanism

- Extremely flat roof anchorage for low height entries to fire stations through an disconnecting mechanism
- capability of using the turret on roof or on separate carrying-frame
