## **RM8** Electrically controlled turret

## Description

The electrically controlled turret RM8 is the ideal bumper turret for industrial-, airport- and municipal vehicles due to its compact design.

## **Benefits**

#### Flow rate

 up to 1.000 l/min at 10 bar (264 gal/min at 145 psi) water or water-/foam respectively 20 kg/s (22 lbs/ sec) powder

### Suitable for most extinguishing agents

- water
- water-foam mixture (non air aspirated)
- powder

#### **Excellent throw range**

> 42m (138 ft) water

#### Simple operation

• The electrical control enables to control the horizontal and vertical movements as well as the spray adjustment and the control of the water flow with a joystick

### **Compact turret**

• The turret is ideally suitable as bumper turret through it's small width

# RM8 Elektrisch gesteuerter Werfer

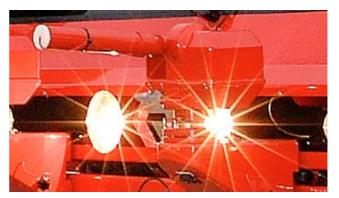

Bumper turret for water-/foam

Bumper turret on ARFF

Powder turret

Joystick

Technical data	
Drive	electric motors, manual emergency actuation via friction clutches
Rotation range	max. 270°
Swivel range	max30° up to +70°
Connection	flange DN50, vertical
Nozzle	O-stream nozzle
Nozzle adjustment	electric adjustment for full/spray jet
Powder nozzle	optional integrated: max. flow rate 20 kg/s (44 lbs/sec)
Electric	12 V or 24 V
Control	electrical control
