

Vacuum leak drainage bag

- Attaches itself quickly to surface
- No attachment belts required
- Drainage space with 20 cm (8 inch) diameter
- For large containers and storage tanks

www.vetter.de/vetter_emergency/en/-p-3319.html?rewrite_engine=id

Autonomous and ultra- speedy drainage of hazardous substances.

Let the power of the vacuum work for you. Vetter vacuum leak drainage bags seal leaks on clean, smooth and slightly curved surfaces in seconds. Without the need for tension belts! Avoiding time- consuming preparatory measures, they allow you to take immediate action in an emergency. The intelligent bag attaches itself to the liquid or gas leak area by creating negative pressure and utterly seals the leak. The round Vetter vacuum leak drainage bags are designed for optimum flow and they drain dangerous liquids safely and quickly.

Vacuum leak drainage bag set

Vacuum leak drainage bag set 1500019700

- Vacuum leak drainage bag type DLD 50 VAC
- Acid drain hose, 5 m (16.4 ft.), with D suction coupling V4A
- Shut- off unit size D, stainless steel
- Transport case 800 x 600 x 120 mm (32 x 24 x 4.7 inch)

Weight of set, approx. 15.5 kg / 34.2 lbs

Emergency Pneumatics

Technical data

Working pressure of vacuum generator: 6 bar (87 psi)

Product	Art. no.	Size Øcm / Øinch	Drainage space Øcm / Øinch	Vacuum bar / psi	Air requirement litres / min. / cu.ft. / min.	Weight, approx. kg / lbs
DLD 50 VAC	1500007501	50 19,7	20 7,9	0,45 6,5	200 7	15,5 34,2

Accessories

- Inflation with cylinder

In operation...

- Sealing and controlled drainage of hazardous substances
- On smooth surfaces
- On large containers and storage tanks

Good reasons...

- No attachment belts required
- Vacuum generator with manometer on bag
- Round design for optimal flow results
- Acid drain hose with shut-off unit

Guaranteed quality:

- Individually tested (with inspection seal)
- Stainless steel connections
